# Fold Your Own Adventure

Some call you friend, others call you foe, but none know your real name. You are who you need to be to get the job done and there few who match your prowess in getting what you need, or rather, your employer needs. This job was like so many others; infiltrate a group of high ranking officials, attend a party, then slip away to the prime minister's office and secure a copy of the files.

- Start your adventure ( 1, left side )

(A)

(1) The red wine soaked deep into the diplomats shirt as you apologized profusely, offering to get some soda water. As you slip into the kitchen and through a secondary door, you quickly make it to the office, picking the lock in 12 seconds flat.

You find the computer still on and already logged in to the prime minister's account.

*Hint: Soon the fold itself will reveal the full text; remember to read across the fold!*

- Access the Files | Fold A ( 2 )

(A)

(H)

(12) Trust your instincts; that's what your mentor always said. You start tossing things around, scouring the room for options. You notice that there is a poorly patched piece of drywall behind a shelving unit that you easily remove and, to your surprise, find no additional drywall blocking you from crossing between the rooms. The new closet is filled with

incredible," says you should be

- Triple Cross Them | Fold K ( 16 )

(17) You spill like a biblical flood. You start providing dates, inside contacts, mission goals, the works. It's amazing to watch and unclear when you take the time to breathe. The guards are taken aback by your candid responses and are bit skeptical.

- Let it Flow | Reverse Fold G, Fold H ( 13 )

(K)

(14) You agree to become a double-agent, taking on new missions while feeding information back to this secret organization called SATYR: Society for Abolishing Tyrannical Young Republics. You are very well suited for this job

(2) As you plug in the USB drive and begin copying the files, you feel uneasy with how well this is going. You look around, checking your exits. There is a window behind you with a two-story fall and only the one door leaving the room. The door bursts open, two burly men staring at you.

- Rush Guards | Fold B ( 3 )  
- Break Window | Fold C ( 4 )

(5) After somehow evading the main entrance. The thick glass. "Stop!" A guard - Get Gun | Fold F, Fold D (11)

(6) You begin to explain the entire drink incident and how you got lost leaving the kitchen. You were looking for an authority figure you could ask for help.

(8) You proclaim and muster your best confused look, lying having a date to the event, they would be worried about you, that this is just a big misunderstanding. The guards punch you hard across the face. "You filthy liar. Shut your mouth."

- Spit at Guard | Fold C, Fold L ( 10 )

(10) You spit blood and saliva at the right eye. He slowly pulls a and wipes away the loogie, then pocket. "The boss ain't gonna like worst beating of your life. By the time are cracked and your face is swollen if you'll wake up this time.

"We've been for weeks. You've got one more chance." You stall watching you got one more the perfect opportunity. You can, waiting for the perfect opportunity.

Fold C ( 5 )

balance, human instincts cause him to release the weapon into your hands in a futile attempt to use them in breaking his fall. You strike him hard across the temple with the gun, knocking him unconscious. You quickly return to the main doors and empty the clip into the glass, shattering it. You hurdle through, disappearing on foot into the night. Mission blown, you decide to stay hidden for a few months before slipping out of the country in the car of a friendly teacher just visiting on holiday.

*Try Again!*

uniforms: guards, waitstaff, janitorial; you name it. You quickly put on a janitor's uniform and affix a dropped security badge for "Pat", who looks nothing like you, to your hip. You calmly exit the room where guards quickly see you and begin escorting you out of the building immediately, "for your safety." You're alive and free, but no USB drive.

*Try Again!*

(11) You realize that the glass may be thick, but it's still glass. Before the guard can draw and aim his weapon, you quickly close the distance between you. Grabbing the weapon with both hands, you lift his arms higher in the air while simultaneously sweeping his legs out from underneath him. As he loses his
